Concerning agenda item 3c:

Please see the information below about INDOT's new statewide long range transportation plan. There are two upcoming opportunities to participate, a telephone town hall and an online survey related to active transportation. We would welcome your input and participation in either of the two events.

INDIANA DEPARTMENT OF TRANSPORTATION

Office of Public Involvement - Transportation Planning

INDOT Telephone Town Hall Event Coming Soon

Enjoy talking transportation and keeping an eye on transportation related challenges, opportunities, trends and innovations? INDOT would like your input and will host a telephone town hall to engage transportation focused stakeholders.

INDOT is updating its Long-Range Transportation Plan (LRTP) for improving the State's transportation system.

What is the Telephone Town Hall?

The telephone town hall is an informative and interactive event where State transportation system topics will be discussed in a format resembling that of a radio call-in show.

The public will be invited to dial-in, listen to, or become involved during a lively panel discussion focusing on the future of transportation in Indiana. Additional details regarding the telephone town hall event to be announced soon. For more information about the LRTP and ways to get involved please visit <https://www.in.gov/indot/3714.htm>.

Let's Get Moving - Active Transportation

INDOT recently launched a new statewide initiative to identify ways that active transportation can provide additional mobility options, enhance livability, support economic development, tourism and encourage healthy lifestyles. Visit our page <https://www.in.gov/indot/2828.htm>

[Bike and Pedestrian Program](#) for more information, also provide input by taking a brief survey.

INDOT anticipates adoption of the LRTP by the end of the year.

The statewide active transportation initiative continues through 2019
